(d) whether delay implementation has allowed continued movement of insurgents and smuggler gangs across the sensitive areas of the North-East;

(e) whether Government propose for the speedy implementation of the project to avoid situation as in (a) and (d) above; and

(f) if so, the details of the revised time schedule and if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI MOHD. MAQBOOL DAR): (a) Revision of cost of fencing along the Indo-Bangladesh Border has become necessary due to slow progress of execution of works.

(b) The main reason for delay in West Bengal sector is inability of the State Government to acquire and hand-over land to the executing agency in time. Partial diversion of funds released for fencing work to other State Works by the Government of Assam has resulted in delay in completion of fencing work in that State. Final estimate of escalation of costs is yet to be made.

(c) Fencing of identified sensitive stretches of Indo-Bangaldesh Border has been undertaken in the States of West Bengal, Assam and Meghalaya only.

(d) Since only selected sensitive stretches in Indo-Bangladesh border has been proposed/taken up for fencing, it is difficult to corelate the delayed implementation with continued movement of insurgents and smugglers across the international borders.

(e) and (f) Yes Sir. The fencing work is proposed to be completed by March, 1999 in all the three States.
